SUSAN B. ANTHONY PASSES FROM EARTH

Had Been Unconscious Since
Sunday.

HEART FAILURE CAUSE OF DEATH

Long and Eventful Career of Noted
Woman Ended Peacefully—In Last
Sickness She Was Engaged in Plan-
ning For the Future.

Rochester, N. Y., March 14.—The long and eventful life of Susan B. Anthony ended at 12:45 o'clock Tuesday morning. The end came peacefully. Miss Anthony had been unconscious practically for 24 hours, and her death had been momentarily expected since Monday night. Only her wonderful constitution kept her alive. Dr. M. S. Ricker, her attending physician, said Miss Anthony died of heart failure, induced by double pneumonia. She had had serious valvular heart trouble for the last six or seven years. Her lungs were practically clear, and the pneumonia had yielded to treatment, but the weakness of her heart prevented her recovery.

In spite of her 86 years, her mind to within a day has been clear and strong, and even in her last sickness she was actively engaged in planning for the future.

Since she retired from the presidency of the suffrage party about three years ago, Miss Anthony has traveled widely and lectured more than was wise for one of her age.

In 1901, she went to Germany to attend the international congress of women, the result of a plan which she devised in 1898 at the fourth anniversary of the first woman's rights meetings.

Miss Anthony was received at the court by Emperor William and his wife, whom she charmed by her simple manners and dignity.

In the following year Miss Anthony was at Portland, Ore., at a great gathering of woman suffragists. This year she went to Baltimore, and it was this journey that overtaxed her strength. She was attacked by neuralgia, and had to take to her bed. She was obliged to cancel an obligation to attend a dinner given in her honor in New York city, as symptoms of pneumonia were detected.

Miss Anthony was greatly beloved in this city, which had been her home since 1845. She lived to see a decided change in sentiment from the time in the winter of 1861, when she was hissed and booed when she attempted to give a lecture on abolition in Corinthian hall. She lived with her sister.

Rev. Anna Shaw said:
"On Sunday, about two hours before she became unconscious, I talked with Miss Anthony, and she said:

"To think I have had more than 60 years' of hard struggle for a little liberty, and then to die without it seems so cruel."

"Then I replied: 'Your legacy will be freedom for all womankind after you are gone. Your splendid struggle has changed life for women everywhere.'"

"She replied: 'If it has, I have lived to some purpose, and she begged me to promise that I and her niece, Miss Lucy Anthony, would stand together until the end of our lives and work faithfully for the cause as she and her sister Mary had.'"

With the exception of Julia Ward Howe, Miss Anthony was the sole survivor of the early suffrage advocates who took part in the movement inaugurated at the famous convention held in Seneca Falls, in 1848, which was the first woman's rights convention. Miss Anthony has said almost every reform which she advocated had been accomplished, with the exception of the right of suffrage. She was one of the first advocates of coeducation and dress reform. She adopted the bloomers costume in 1852, and clung to it a little more than a year. She said later in life that she found it a physical comfort, but a mental crucifixion. She also carried her interest in the advancement of women into the practical affairs of every day life. She always

assisted the woman in business when she could. Her photographs sent all over the country, were taken by a woman photographer. She was attended throughout her illness by a woman physician. In her relations with the Rochester newspapers she never gave an item to a man, when the paper had a woman on its staff who could be reached.

70,000 PERSONS ARRESTED

That Number of People Have Been Held by Government.

St. Petersburg, March 14.—The government has sent a circular to the governors and governors of provinces instructing them that persons taken into custody for political offense must within 24 hours of their arrest be confronted with the charges and allowed to make explanations. The circular also generally insists on expedition in the trials of political prisoners. This step on the part of the government is the result of the tremendous outcry raised against the arbitrary action of the local authorities in arresting suspects and holding them without trial or exiling them by administrative order.

Over 70,000 persons have been arrested in European Russia since the government entered on its active campaign against the revolutionists.

Woman Placed Under Bond.

Los Angeles, Calif., March 14.—Mrs. Margaret Sauer, alias Margaret Graham, the phycite, who is vigorously resisting extradition to San Antonio, Tex., on a charge of having embezzled \$2,000, had a strenuous day in court Monday. Judge James overruled the petition for habeas corpus, and she was at once remanded to the custody of the sheriff. The decision was no sooner rendered than another writ was sworn out by one of her numerous attorneys on technical grounds, and the court granted an immediate hearing. The arguments proceeded, and at the close of court the matter was taken under advisement. Mrs. Sauer is now under \$5,000 bond.

While Crossing Own Yard.

Waycross, Ga., March 14.—John S. Sharp, one of the most prominent and largest real estate owners of Waycross, was assassinated in his own yard on lower Plant avenue Monday night about 8:15 o'clock.

His family had gone to church, and the horrible deed was not known until his wife and children returned from church about 9 o'clock, when they discovered his body and gave the alarm. Neighbors heard a scream in the direction of the Sharp residence, but thought no more of the matter until his dead body was discovered.

The assassin, it seems, was hid under the front steps, and as Mr. Sharp stepped out and started through the yard two loads of buckshot were fired into his back, killing him instantly. As soon as the news of the assassination was started great crowds gathered on the scene and viewed the body, which was not disturbed until the coroner could arrive and hold an inquest over the remains.

Coroner Gormes was soon present, and the inquest over the remains came to an end about 11:30 o'clock.

There was no evidence introduced as to who committed the crime. Neighbors testified that they heard Sharp scream just before the gunshot reports.

Nipped in the Bud.

Savannah, Ga., March 14.—The course of true love, it developed Monday, received a rude shock when E. A. Turner, of Hixtown, and Miss Pearl Coleman, of Savannah, were not married as they had hoped to be. As the words "I pronounce you man and wife" hung on the lips of Rev. Robert Vandeventer, the mother of the would-be bride dashed in upon the assemblage. Striding apart the two hands that were about to be united forever she forbade the marriage. Fainting, the bride fell to the floor and the groom stood with staring eyes at the prevention of the fulfillment of his long-planned elopement. When the license was procured the age of the girl was given as 18. She wears short dresses.

Driven to Suicide by Love.

New York, March 14.—The police investigation into the mysterious death of Mrs. Ruth Rogers, a handsome woman, 25 years old, resulted Monday in the finding that she probably committed suicide. The young woman was found dead in a West Eighty-fourth street flat, with a bullet wound in the head. John S. Williams, who was occupying a room in her flat at the time, and who found the body, was held as a witness. He said he did not see the shooting. Negro Shot to Death.

Franklin, Ga., March 14.—On J. J. Daniel's plantation near this place, Woodley Lockett shot and instantly killed Shock Crowder at a negro frolic. It appears that bad feelings existed between the negroes. Lockett sent Crowder word that if he came to the dance he would kill him, and when Crowder arrived at the dance Lockett walked up near him and fired his pistol in the air, then Crowder shot him in the jaw. Lockett returned the fire, shooting him through the head, killing him instantly. Lockett made his escape. He has only been out of the chalgang about three weeks.

COUNTY COMMITTEE MET WEDNESDAY

New Committee Organized and
Immediately Got to Work.

MUCH BUSINESS TRANSACTED

Dr. J. F. McKinstry, Jr., and George Gibbons Re-Elected Chairman and Secretary, Respectively—Campaign Committee—Other Business.

Pursuant to call, the Alachua County Democratic Executive Committee met at the court house in this city at 11 o'clock Wednesday morning for the purpose of organizing the new committee, and for arranging dates and other matters pertaining to the primary, as well as the transaction of all other business which might come before the meeting.

The meeting was called to order by Secretary Geo. H. Gibbons of the old committee, who explained its purpose. The first business before the meeting was the election of a temporary chairman, and this honor fell to Dr. J. F. McKinstry, Jr., who was the chairman of the old board. The next in order being the selection of a temporary secretary, Mr. Gibbons was chosen, after which the temporary organization, upon motion, was made permanent.

The roll was called, and showed the following present:

District No. 2, LaCrosse, J. J. Cannon; No. 3, Alachua, Joseph Fagat; No. 4, Cow Creek, J. H. Osteen; No. 7, Gainesville, J. F. McKinstry, Jr.; No. 10, Micanopy, H. L. Montgomery; No. 11, Archer, George Gibbons; No. 12, Arredondo, T. M. Venable; No. 15, Windsor, J. A. Tucker, proxy for J. K. Foster; No. 16, Lake View, J. M. Turner; No. 18, Ocoola, E. A. Osteen, proxy for H. Osteen; No. 19, Orange Heights, L. H. Hall; No. 20, High Springs, A. E. Summers; No. 21, Yulter, Thad Bryant; No. 22, Campville, J. H. Dyce.

Chairman McKinstry requested Secretary Gibbons to take the chair for a moment, after which he made a brief talk of the necessity of electing five members of this committee at large, representing the various sections of the county, and made a motion to that effect, which was duly seconded and carried. The following were selected: J. L. Townsend, Rex; Dr. J. D. Watkins, Micanopy; Evans Haile, Gainesville; D. G. Roland, Newberry; J. T. Everett, Trenton.

The question as to whether or not the county commissioners two years ago had created a new district came up for discussion, and there seemed a diversity of opinion and some doubt in the matter. Committeeman Bryant of District No. 21 stated that he was a member of the Board of County Commissioners at the time, and he was quite positive that the new district was created by act of the board. Upon motion a committee was appointed to investigate the matter, and in a few moments returned and reported that such district had been properly created with the exception of publishing the same, which is required by law. The voting precinct of this new district was designated by the Board of County Commissioners as Donnie and the district was designated as No. 23.

Chairman McKinstry's Views.

Chairman McKinstry explained his purpose for calling the committee together at this time, being in order to conform with the law in regard to registration. He stated that, as a member of the State Democratic Executive Committee, he had always contended for a late primary, because it was in the interest of the agricultural class. He did not believe in inconveniencing the farmer by compelling him in an early primary, right in his busiest season, to neglect his duties in order to go to the polls. "But my observation has been that the city interests seem to run the State committee," he said, "and fix the primary dates to suit themselves, without regard to their country friends."

It was moved by Committeeman Tucker, of District No. 15, that the supervisor of registration be instructed to deliver the registration books to the various members of the committee at once, as same must be opened by the 19th inst.

Supervisor Was Summoned.

In order to determine whether the books were in readiness to be delivered, Supervisor Cheves was summoned by the chairman. The committee was assured that the books were ready.

when Supervisor Cheves was instructed to deliver same at once.

"But how about the hook for the newly established district, No. 23?" remarked Mr. Cheves. "While the minutes show that this district was established, the law was never complied with in its entirety, with the result that the district has never been made a voting district, and I have no hook."

"Well, you cannot deliver what you have not got or never had," pleasantly replied Chairman McKinstry, "so the best you can do, and all that this committee expects, is that you deliver what you have."

Supervisor Cheves was excused. The motion of Committeeman Tucker was then taken up, properly put and carried.

The Campaign Committee.

The question of the appointment of a campaign committee was taken up, and upon motion it was ordered that the chairman appoint a committee of five, upon which committee should be included himself and the secretary. The chairman appointed H. L. Montgomery of District No. 10, A. E. Summers of District No. 20, and W. A. Strickland of District No. 6.

Upon motion of Committeeman Evans Haile, the last call of the committee for a primary election was adopted, with necessary changes as to date, etc., to conform to the call of the State committee, and the same was ordered published.

Chairman McKinstry requested each member of the committee present to hand in to the secretary the names of three qualified voters in his precinct to act as inspectors at the primary, and instructed the secretary to request the same by mail at once from those committeemen absent.

County Commissioners.

The question of nomination of county commissioners was brought in for consideration. Heretofore each candidate has been voted for in his own precinct only, but the committee felt it advisable to vote for candidates for these offices from the county at large. A motion was made and carried to the effect that in future all candidates for county commissioner must be voted upon from the county at large, but that each candidate must be a resident of the district which he was elected to represent.

The call as ordered in conformity with the State call, will fix the first primary date on May 15.

Owing to the fact that it was not known how many candidates would be in the field, it was impossible to fix an assessment, but this will be done at the next meeting. No further business, the committee adjourned to meet on Monday, April 16, at 11 o'clock a. m., in the court house.

Postmaster General Issues Order Against Rev. Walton.

Washington, March 14.—Postmaster General Cortelyou has issued a fraud order against a certain Rev. Isaac L. Walton, of Savannah, charged with being head of a scheme to defraud credulous negroes of the southern states.

Walton is, or was until recently, the head of an organization which has headquarters in several parts of the south, purporting to have for its object the securing of pensions for ex-slaves. At least, such is the report of the inspectors, who have caused several fraud orders to be issued in the past against the order, which is known by various names, such as the Independent Order of the National Industrial Council of America, Fraternal.

Rev. Walton, say the inspectors, has a bad habit of distributing the money he gets through the mail from applicants for membership in his organization among a few of her close friends and himself. Most of it, however, going into his own pocket.

The head of this order promised the authorities last December that he would have nothing more to do with the organization, and would not connect himself with any scheme for securing pensions for ex-slaves in use of the mails, but it is reported that he has broken his word, and is at it once more.

The fraud order has now been issued against all of his personal mail, with the hope of putting a final stop to the plan.

Mrs. B. W. Evans, Clearwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup and it cured him. "Married people have the best of it in ocean traveling," said a sea captain, "for they have a stateroom to themselves. People traveling alone, unless they are willing to pay a good deal extra, have to sleep in the same room with strangers, an unpleasant thing. "Some of these lone travelers, to secure privacy, pay extra fare. Others—many, many others—try to secure privacy by giving us lies instead of money."

"One man will tell the chief steward that he has an intolerable snore. Another will say he is subject to epileptic attacks, wherein in the small hours he becomes a shrieking and dangerous maniac. Another will say that in the throes of acute seasickness from the beginning of the voyage to the end he fills the cabin day and night with dismal noises."

SCROFULA AN AWFUL INHERITANCE

While it is true that Scrofula may be acquired under certain conditions, it is usually inherited. Parents who are related by the ties of blood, or who have a consumptive tendency, or family blood taint of any character, are sure to transmit it to their children in the form of Scrofula. Swollen glands,

brittle bones, poor digestion, weak eyes, Catarrh, emaciated bodies and general weak constitutions are the principal ways in which the disease is manifested. The blood has been diseased from birth, and being in this condition cannot properly nourish the body and Scrofula is the result. A hereditary disease like this can only be reached, by a constitutional remedy and nothing equals S. S. S. as a cure for it. It cleanses and strengthens the deteriorated blood, drives out all scrofulous and tubercular deposits, and there is a gradual but sure return to health. S. S. S. supplies to the anemic, lifeless blood the properties necessary to build back to strong, robust health, and does this gently and so thoroughly that no signs of the disease are ever seen in after life. Being purely vegetable S. S. S. is the best remedy for Scrofula; its harmless but healing ingredients enter into the circulation and replace wax-like, bloodless faces with vigorous strength glowing with health. I inherited Scrofula, and about seven years ago suffered intensely from it. Tried every doctor available at great expense, but grew rapidly worse; in fact, had given up all hope of being cured, and as a dying man will grasp at a straw, I was persuaded by my brother, much against my will, to try S. S. S. After taking six bottles, I felt a wonderful change for the better. I continued to take it for about six months, taking in all about fifteen bottles, which entirely cured me. Montgomery, Va. W. LAST CHAUTAUQUA FOR THE YEAR 1906

A Great Day in Store For People
Who Will Be Present.

A FINE PROGRAM YESTERDAY

Rev. Wm. Spurgeon Delivered His New
Lecture—It was a Masterpiece—Last
Night's Program Pleased the People.
Today's Announcements.

There were some who had anticipated hearing Senator Dolliver of Iowa, at the Tabernacle Wednesday, but when it was announced that he could not leave the Senate, and that the Rev. William Spurgeon of London, England, would deliver his new lecture, "John Bull's Impression of Brother Jonathan," the people felt sure they would hear something good, and were not in the least disappointed. Dr. Spurgeon has many pleasant things woven into his lecture, and he is so earnest in his talks that they seem to come from a noble heart, which beats warmly for the best interests of the people of England and the United States, and his appeal for a union of the two countries in an effort for universal peace are very logical.

The music by the Lady Washington Quartette made the afternoon program of much interest to all.

Evening Program.

The evening program was another to be enjoyed by all, as the moving pictures and the Lady Washington Quartette are favorites.

At the conclusion of the musical program Dr. Strouse made a few remarks and introduced Dr. Davidson, who complimented the people of this city and the success made by Dr. Strouse, after which the Ladies' Quartette sang "Lead, Kindly Light," by request of Dr. Davidson and was called back for another number.

The Vitagraph pictures were up to the standard of the evening before, and they were greatly enjoyed by the audience, as manifested by the applause.

Today's Program.

The Biblical hour is announced for 10:30 a. m., to which all are invited.

At 2:45 p. m. a great treat is in store for the holders of the star tickets.

At 8 p. m. the American Vitagraph, followed by good-bye words for 1906 and prophecies for 1907.

Sure to please, Blue Ribbon Lemon and Vanilla. Absolutely pure, goes twice as far and gives desserts the "Blue Ribbon Flavor."

FOR MR. DAVIS.

Former Alachua County Man Believes
Him to be Right Party

Editor Sun: I have noted a reference to Robert E. Davis in connection with a ticket for the Legislature from Alachua county. Please permit me to add my humble indorsement to his nomination and to express the hope that the people of Alachua county will get together and determine to send the very best men they have to represent them at the next session of the Florida Legislature.

We are all aware that there is to be an attack made on the Buckman bill at the next session. Already there is a campaign being waged along this line and it behooves Alachua to send the very best material she can gather to battle against any efforts to detract in any way from the victory she recently won in locating the Florida University. Alachua county will have to fight hard to retain the full fruits of her victory and she will need such men as Mr. Davis to champion her claims.

DRY KILN ON FIRE.

No Damage, But Would Have Been Serious if Occurring at Night.

The dry kiln of the Eddins Manufacturing Company caught fire about half-past 10 o'clock Wednesday morning, but the flames were discovered promptly and were extinguished by the private fire plant of the company without damage.

Had the fire occurred at night the damage might have been serious, as the entire plant, which is one of the finest of its kind in Florida, might have been consumed.

Letter to Carter & Owens,
Gainesville, Fla.

Dear Sirs: There are several ways of cheating in milk. An old-fashioned way is to water it. Nobody waters it now. A better way is to take out the cream—rich milk with the cream taken out is as good as poor milk with its cream all in.

But we needn't go into particulars. You don't rob your milk and your customers.

Paint is as easy as milk to cheat with. Good paint is as rare as good milk; for human nature is much the same in milkmen and paint men.

You are just and true with your milk; so are we with our paint. Devote lead and zinc is twice as good as mixed paints. There's twice as much butter in it.

Mr. J. T. Ladd, Cheraw, S. C., writes:

"When Mr. Evans painted his house with Devco, he figured on how other paints covered and had enough left to paint three large rooms. He was so pleased that he has used Devco on two other houses." Yours truly,

F. W. Devco & Co.,

New York.

A Directors' Special.

A special train bearing the officers and directors of the Atlantic Coast Line passed through the city Wednesday night en route from South Florida, where they have been on a general tour of inspection. In the party were several distinguished gentlemen, not only directors, but large stockholders in the corporation. The train remained here only a few moments.

Distillery Is Robbed.

St. Petersburg, March 14.—This city, which thus far has been singularly free from the carnival of robbery and murder prevalent in the interior cities, was the scene Tuesday of a daring robbery in broad daylight. A dozen men armed with revolvers entered a government spirit distillery on the Schlusberg embankment, held up the employees and rifled the safe.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

HAGUE DEPOT WAS BURNED TO GROUND

Fire Occurred at Early Hour on
Wednesday Morning.

THE LOSS WAS COMPLETE

Building Was Congested With Valuable Freight and Express Matter, and Loss Will Run Large—Believed That Money Was Saved.

At an early hour Wednesday morning the passenger and freight depot of the Atlantic Coast Line at Hague, eleven miles to the northward of Gainesville, was burned, and the building, with all contents, which included a quantity of freight and a number of express packages, were lost. The fire occurred at such an hour that it was not discovered until well under way, and inasmuch as there was no adequate fire protection, those who were attracted by the scene were powerless to render any aid.

It is believed that the fire originated from a spark from a passing train. J. A. Hague, railroad and express agent at that station, resides quite a distance from the depot, and was not aware of the fire until he reached the scene early Wednesday morning. He was surprised to find everything in ashes.

While nothing definite could be learned as to the loss, it is believed to be quite heavy, as it is understood that the freight department was congested with recent consignments. There was a considerable number of packages in the express office, but a party from Hague who arrived yesterday stated that no doubt the money of both the railroad and express company was safe, as Agent Hague is a very cautious and careful young man, and probably had taken the cash home with him for safe-keeping.

The Atlantic Coast Line will probably rebuild at Hague immediately.

Doctors Are Puzzled.

The remarkable recovery of Kenneth Melver of Vaneboro, Me., is the subject of much interest to the medical fraternity and a wide circle of friends. He says of his case: "Owing to severe inflammation of the throat and congestion of the lungs, three doctors gave me up to die, when, as a last resort, I was induced to try Dr. King's New Discovery and I am happy to say, it saved my life." Cures the worst coughs and colds, bronchitis, tonsillitis, weak lungs, hoarseness and lagrippe. Guaranteed at all drug stores. 5c and \$1. Trial bottle free.

I hereby announce myself as a candidate for Marshal, subject to your votes at the coming municipal election. If elected I promise a full and faithful discharge of the duties of the office, and will appreciate your support, collectively and individually.

For Marshal.

To the Voters of the City of Gainesville:

I have decided to enter the race for re-election as Marshal of Gainesville, and will appreciate the support of qualified voters who believe in good and honest government and order. If elected, I promise to continue to fulfill the duties of the office as in the past.

A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favorite with the mothers of small children. It quickly cures their coughs and colds and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. For sale by all druggists.

Seriously Injured.

Cincinnati, March 14.—Former Mayor Gustav was struck by a street car on Walnut Hills Tuesday and seriously injured. On account of his age, his condition is regarded as very serious.

Eczema, Tetter, Salt Rheum, Itch, Ring Worm, Herpes, Barber's Itch.

All of these diseases are attended by intense itching, which is almost instantly relieved by applying Chamberlain's Salve, and by its continued use a permanent cure may be effected. It has, in fact, cured many cases that had resisted all other treatment. Price 25 cents per box. For sale by all druggists.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.
Fifty bottles or more of this medicine with your water and it will stand twenty-four hours, a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or had effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

SANTA FE SIFTINGS.

Farmers Preparing for Big Crops—A Word About Politics.

Santa Fe, March 12.—The farmers are busy preparing ground and planting corn.

Owing to the rain and cold cotton planting will be delayed. Judging from the amount of fertilizer that is being shipped here the crop will be a large one.

Some of the Santa Fe farmers have planted watermelons. J. H. Hill, W. D. Holder and J. P. Pope have planted twenty acres each.

There is a good quantity of Irish potatoes planted here for market this year.

Miss Laura Lewis of Ward City is conducting a music class at the public school building here.

Grandpa Futch and W. M. Blitch have the boss turnips of the season exhibited here. It is of the rutabaga variety, and measured 27½ inches in circumference and weighed 15 pounds. It was grown in the latter's garden here from seed bought of The S. J. Thomas Co. of Gainesville.

The political pot has not begun to even simmer here yet, though there are some that can discover in certain persons that they are almost ready, judging by their friendly actions, we suppose.

There is no one who doubts the ability and honesty of our State Executive Committee, but able men as they are, methinks they, in passing the resolution that they did to allow each candidate one watcher inside of the polling place in the primary, made a mistake, and against the spirit of the law and an impossibility. There are twenty-two voting places in Alachua county, and if only fifty candidates run and each selects one watcher, we have one thousand and one hundred watchers to watch sixty-six inspectors. Just think how those inspectors will feel in some of our small precincts that only cast twenty votes when they see fifty watchers crowd around them imported from other parts of the State, unless they choose the ladies, which under the resolution they have a right to do, as it does not exclude the sex. One would think the committee meant to give a job to everyone on that day, and if that was the calculation they have solved the problem for once. Their experience, no doubt, in the last primary caused them to think that Democrats need watching.

Always Keeps Chamberlain's Cough Remedy in His House.

"We would not be without Chamberlain's Cough Remedy. It is kept on hand continually in our home," says W. W. Kearney, editor of The Independent, Lowry City, Mo. That is just what every family should do. When kept at hand ready for instant use, a cold may be checked at the outset and cured in much less time than after it has become settled in the system. This remedy is also without a peer for croup in children, and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. For sale by all druggists.

WAR DECLARED ON SALOONS.

Three Prominent Birmingham Saloons Closed by the Police.

Birmingham, Ala., March 14.—Acting on instructions from Mayor Ward, Chief of Police Weir has closed three of the prominent saloons of Birmingham and gave out a statement in which he declared war on the saloon men who violate the Sunday law.

The situation is tense here, as the mayor will close several more saloons tomorrow, three of which are among the biggest and richest in the city. The mayor's interview was as follows:

"Saloonkeepers who have no respect for our laws might as well make up their minds right now that the war is on—the city has got to run over them or they will run over the city. The Birmingham police department is trying to do its duty and must be backed up. The breweries, which finance these dives and pull wires for them when they are in trouble, can also come into the fight if they think more of the saloons than they do of the law-abiding saloonkeepers who are trying to assist the authorities in placing the liquor traffic on a higher basis."

There are half a dozen convictions every week in the police court for saloonkeepers violating the Sunday law, and the new city code gives the mayor and chief of police absolute authority in the matter of closing the saloons.

WOMAN IS FREE ON \$5,000 BOND.

Judge Roan Allowed Mrs. Willie Standifer To Give Bail.

Atlanta, March 14.—Mrs. Willie Standifer, who shot and killed her sister, Miss Chapell Whisenant, has been released on a \$5,000 bond by order of L. S. Roan.

Judge Roan said that prisons were made to force people into court and he believed Mrs. Standifer would be on hand ready for trial if she was out under bond.

The bond was signed by Robert Gordon, a whisky dealer at 15 Marietta street; M. W. Reed and W. U. Cotton, Mrs. Standifer's brother-in-law.

Standifer, who was bound over in a \$1,000 bond on the charge of adultery, is still held a prisoner in the Tower, as he has so far not been able to make the bond.

Mrs. Standifer returned to her boarding house, 308 West Alexander street, as soon as she was released. Her brother, Ross Whisenant, who came to Atlanta from Littleton, Ala., will remain with her for awhile.

Mr. Whisenant said that he had not made any threats against Standifer, and he was at a loss to understand how such a report became circulated.

When Mrs. Standifer learned that Judge Roan had decided to let her go on bond she said that she believed all along that she would not be kept in jail.

Drs. W. S. Wood and E. D. Richardson testified before Judge Roan that they knew Mrs. Standifer, and believed she was not in a physical condition to remain in a prison. They said she had tuberculosis, and was physically unable to endure close confinement.

I have wished that I had known of it in my husband's lifetime." 50 cents. Sold by W. M. Johnson.

Dangers of Pneumonia.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs, and prevent pneumonia. LaGrippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." J. W. McCollum & Co.

Peasants Elect New Men.

St. Petersburg, March 14.—The returns from the peasants' elections continue generally to show the selections of elders, priests and village scribes to represent them at the next district convocations, but there are notable instances of apathy or of a demand for a complete new electoral plan. At Ardatoff only 83 out of 1,300 small farmers participated, and in the provinces along the Volga almost without exception the peasants continue to elect new men.
